INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Philadelphia Futures
Philadelphia, Pennsylvania

Report on the Financial Statements

We have audited the accompanying financial statements of Philadelphia Futures (a nonprofit organization), which comprise the statement of financial position as of June 30, 2017, and the related statements of activities, cash flows, and functional expenses for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Philadelphia Futures as of June 30, 2017, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

To the Board of Directors
Philadelphia Futures

Report on Summarized Comparative Information

We have previously audited Philadelphia Futures' 2016 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated October 20, 2016. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2016 is consistent, in all material respects, with the audited financial statements from which it has been derived.

PHILADELPHIA FUTURES
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017

NOTE 1 – ORGANIZATION

The mission of Philadelphia Futures (the Organization) is to provide low-income, first generation-to-college students with the tools, resources and opportunities necessary for admission to and success in college. The Organization transforms lives by breaking down the barriers that have historically excluded low-income, first generation-to-college students from college success.

In 2011, Philadelphia Futures for Youth, a Pennsylvania non-profit organization founded in 1989 and incorporated as a 501(c)3 corporation in 1999, merged with White-Williams Foundation (White-Williams), a Pennsylvania non-profit organization founded in 1802 and incorporated as a 501(c)3 corporation in 1949. Philadelphia Futures for Youth's corporate entity was merged into White-Williams and White-Williams became the surviving entity. The name of the corporation was changed to Philadelphia Futures.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

Financial statement presentation follows Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958, *Not-for-Profit Entities*. Under FASB ASC 958, the Organization is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Cash and Cash Equivalents

The Organization considers all money market funds and certificates of deposit with original maturities of three months or less to be cash equivalents.

Investments

The Organization carries investments in marketable securities at fair value. Under FASB ASC 820-10, *Fair Value Measurement*, fair value is defined as the price that the Organization would receive to sell an investment to an independent buyer in the principal market, or in the absence of a principal market, the most advantageous market. FASB ASC 820-10 establishes a three-tier hierarchy based on quoted prices in active markets (Level 1), other observable inputs (Level 2), or unobservable inputs (Level 3).

Realized and unrealized gains and losses on investments (determined based on original cost) and investment income are included in the statement of activities.

Investments are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

Spending Rate

The Board of Directors of the Organization has the opportunity in each fiscal year to elect to include in its unrestricted operating funds between 2% and 7% of the fair market value of certain endowment type investments (based on a three-year average).

Property and Equipment

The Organization capitalizes those expenditures in excess of \$1,000. Purchased furniture and equipment are stated at cost while donated furniture is capitalized at its fair market value at the date of the gift. Depreciation is provided on the straight-line basis over estimated useful lives.

PHILADELPHIA FUTURES
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property and Equipment (Continued)

Leasehold improvements are carried at cost. Amortization is provided over the lease term on a straight-line basis.

Maintenance and repairs are charged to expense as incurred; major renewals and betterments are capitalized. When items of property and equipment are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gain or loss is included in revenue.

Restricted and Unrestricted Support

The Organization follows FASB ASC 958 in recording contributions received. Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence or nature of any donor restrictions. Contributions are recorded when pledged and may include multi-year grants.

Unrestricted net assets are net assets not subject to donor-imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of the Board of Directors.

Temporarily restricted net assets are those which have been limited by donors to a specific time period or purpose.

Permanently restricted net assets have been restricted by donors to be held in perpetuity.

Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor-stipulation or by law. Expirations of temporary restrictions on net assets (i.e., the donor stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions.

Contributions and Promises to Give

Contributions are recognized when the donor makes an unconditional promise to give to the Organization. Donor restricted contributions are reported as increases in temporarily or permanently restricted net assets depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

Unconditional promises to give that are expected to be collected within one year are recorded at net realizable value. Unconditional promises to give that are expected to be collected in future years are recorded at the present value of their estimated future cash flows. The discounts on those amounts are computed using a risk free interest rate. Amortization of the discounts is included in revenue, as applicable.

The Organization uses the allowance method to determine receivable balances. The allowance is based on the prior year's experience and management's analysis of specific promises made. When all collection efforts have been exhausted, the accounts are written off against the related allowance. At June 30, 2017, an allowance was not considered necessary.

In-Kind Contributions

The Organization recognizes contributed services that create or enhance non-financial assets or that require specialized skills, are provided by individuals possessing those skills, and would typically need to be purchased if not provided by donation. No amounts have been reflected in the statements for contributed services.

PHILADELPHIA FUTURES
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2017

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In-Kind Contributions (Continued)

Many individuals volunteer their time and perform a variety of tasks that assist the Organization with mentoring and tutoring students in the Organization's programs. The Organization receives more than 8,000 volunteer hours per year.

The Organization records the value of contributed goods when there is an objective basis available to measure their value and that value is reflected as revenue in the accompanying financial statements at its estimated value at the date of receipt. There were no contributed goods recorded during the year ended June 30, 2017.

Functional Expenses

Certain costs of providing programs and activities of the Organization have been allocated among program, administrative, and fundraising expenses.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the use of estimates based on management's knowledge and experience. Accordingly, actual results could differ from those estimates.

Prior Period Information

The financial statements include certain prior-year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States. Accordingly, such information should be read in conjunction with the Organization's audited financial statements for the year ended June 30, 2016 from which the summarized information was derived.

Income Tax Status

The Organization is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. However, if the Organization had income from certain activities not directly related to the Organization's tax-exempt purpose it would be subject to taxation as unrelated business income. In addition, the Organization qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization other than a private foundation under Section 509(a)(2).

Subsequent Events

FASB ASC 855-10 establishes general standards of accounting and disclosure of events that occur after the statement of financial position date but before the date the financial statements are available to be issued. Subsequent events have been evaluated through October 19, 2017, the date that the financial statements were available to be issued.

NOTE 3 – CONCENTRATION OF CREDIT RISK

During the year the Organization may have deposits which exceed Federal Deposit Insurance Corporation limits. Management believes the risk related to these deposits is minimal.

NOTE 6 – FAIR VALUE MEASUREMENTS – INVESTMENTS (Continued)

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2017.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Organization are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Organization are deemed to be actively traded.

Multi Asset Fund: Valued at the net asset value which is calculated as assets of the fund less the fund's liabilities. The share reported by the Organization is proportionate to the Organization's relative capital contribution. Shares are redeemable upon request, subject to an exit fee, and are available the next business day; however, the Multi Asset Fund (MAF) reserves the right to hold payment up to seven days. The MAF is open primarily to foundations, endowments, other 501(c)(3) organizations, and certain other non-profit organizations. In most cases, organizations seeking to invest in the MAF must be "accredited investors" as defined in Rule 501(a) under the Securities Act of 1933, which generally requires that a non-profit organization have total assets in excess of \$5 million. The \$5 million need not be invested entirely in the MAF. The fund seeks to achieve a total return (price appreciation plus dividends and interest income) that exceeds inflation plus 5% per annum through a globally diversified portfolio. There are no unfunded commitments at June 30, 2017.

NOTE 6 – FAIR VALUE MEASUREMENTS – INVESTMENTS (Continued)

The following table sets forth by level, within the fair value hierarchy, the Organization’s assets at fair value as of June 30, 2017:

	Assets at Fair Value as of June 30, 2017			
	Level 1	Level 2	Level 3	Total
Mutual funds				
Large cap equity funds	\$ 750,532	\$ -	\$ -	\$ 750,532
Fixed income funds	2,411,243	-	-	2,411,243

Investments measured at net asset value (Multi Asset Fund) ^(a)				<u>7,761,126</u>
Investments at fair value				<u><u>\$ 11,332,393</u></u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of financial position.

The Organization embraces an asset allocation target approach in order to preserve capital and to avoid market timing decisions.
